

Salalah City Map

Salalah Google City Map, OmanSalalah situated (gps coordinates: 17°01' N 54°05' E) at the extreme south of the country. Dhofar is dramatically different from the rest of Oman, or for that matter anywhere in the Gulf, mainly because it benefits from the annual Indian monsoon, locally known as Khareef. With the abundance of water, the landscape features lush greenery, cascades, streams and an ethereal misty ambience. {snippet 7}
